

Team 484 Basic Shop Safety

- One must always wear safety glasses in the shop.
- Any spills or other safety hazards should be properly taken care of as soon as the incident occurs.
- Never horseplay in the shop!!
- Always ask for help when you need it.
- Do not use any broken or damaged tool.
- If you are injured, seek help immediately (this also applies if you see someone injured).
- Always wear closed toed and heeled shoes.
- Always wear proper equipment for the job at hand (refer to your tool's safety page for more details)
- Always clean up your workspace.
- Never eat or drink around any power tools or robots.
- Always tie back long hair and refrain from wearing loose clothing.
- Always tie/tuck in strings (ex. Hoodie strings)
