

Spectators
2019
Safety Card

Welcome to the

Event

Team is prepared to provide competing teams and spectators with a SAFE and fun event.

We would like to remind the teams and visitors of some of the important safety rules for you, your team, and others safe.

- Always remember to wear safety glasses while you are in the pit
- To know where the first aid kits and fire extinguishers are located in the pits
- Keep your pits clean and organized
- No drinks or food in the pits
- No running or horseplay inside the event building
- In case of a fire, head towards the nearest emergency exit
- Remember to check any of the electrical cables to check they are in good condition
- When you are transporting the robot you must wear gloves
- Use proper posture lifting the robot, lift with your legs and not your back
- Keep all hair tied back at all times, do not wear open toed shoes, and do not wear loose clothing in the pits
- Before you work on the robot, make sure to power off the robot, and any stored energy is released

Remember, the goal is to have fun and be safe. If you have any safety issues or concerned, ask your Safety Captain, Safety advisors, your mentors, or any of 484's safety captains .
